COUNTY COUNCIL CHAMBERS. }
NAPANEE, Dec. 7th, 1892. }

Warden in the chair.

Minutes of yesterday were read and on motion confirmed.

A communication from the County Clerk, County of Northumberland and Durham, re reduction in the number of County Councillors, was on motion referred to the Committee on Education and Printing to report to-morrow.

Communications referring to Napanee swing bridge were read.

The following resolution was submitted :

Whereas, in the month of July last past a competent Civil Engineer, employed by the Municipal Council of the Town of Napanee to examine the swing bridge across Napanee River on Centre street in the said Town of Napanee, for the purpose of making repairs thereto, reported as the fact was that the said swing bridge was dangerous and unfit for further use, and the said Napanee Council caused the said swing bridge to be removed with a view to the construction of a new swing bridge in the place thereof.

And whereas on the 11th day of August last the Committee on Roads and Bridges of this County Council, including the Warden of the County, met the said Council of Napanee at the instance of the latter Council, for the purpose of considering a claim then made by the Napanee Council to contribution from the Corporation of the County of Lennox and Addington, of such a share or percentage of the cost of construction and maintenance of the said new bridge as might be agreed upon between the Councils of the said Corporations, or as might be awarded as the result of an arbitration respecting the same between the said Corporations.

And whereas the said meeting was abortive and without any definite result.

And whereas on the 17th day of August last, notice of the said claim of the Corporation of Napanee was duly served upon the said Warden, and no action has been taken thereon by the said Corporation of Lennox and Addington.

And whereas by letter dated the 31st day of August last, the said Warden was officially informed that owing to the great

inconvenience caused by the absence of such bridge, the said Council of the Corporation of Napanee would proceed at once with the construction of the said bridge, and would further press the said claim for contribution at the next meeting of the said County Council.

And whereas the said bridge is now in course of construction, and contracts have been made for its completion, and it is necessary to determine what percentage or share of the costs of constructing and maintaining the said bridge should be contributed by this Council.

It is therefore moved by John Carson, seconded by Thos. Symington, that the said claim of the said Corporation of the Town of Napanee, for contribution from this Council for a percentage or share of the costs of construction and maintenance of the said swing bridge on Centre street in Napanee, over Napanee River, be referred to the Committee on Roads and Bridges to report on at an early date, during the present session of this Council. Grand Jury Presentment.

Presentment of Grand Jury to His Honor Judge Price :

We, the Grand Jury of our Sovereign Lady the Queen, in the County of Lennox and Addington, beg leave to submit the following :

1. We have visited the Collegiate Institute in our county town (Napanee), and find everything in good order, clean and neat, and seemingly well managed ; the pupils gave good evidence of progress. We were cordially received by the teachers of each department, and they gave us every information asked for.

2. We visited the gaol and found it clean and tidy, and the turnkey anxious to show us every department. We find 1 female and 5 male inmates, 3 of them vagrants, 2 for drunkenness and disorderly conduct and 1 for an assault.

3. We find that it is quite necessary that there should be water-closets erected for the use of the Court House sufficiently large for any occasion.

We are surprised to find that the Corporation is still using pit closets in direct contravention of the laws, and would recommend that when new closets are built they should be made in connection with the waterworks, or on the new approved dry earth system.

4. We hereby congratulate you upon your apparent good health, and the lightness of your duties here, which is a proof that the morality of our County is improving, and we hope you

may live long to fill the honorable position you now occupy and which you have so ably occupied for so many years.

We have the honor to be,

Your Obedient Servants,

D. W. BALL,

REPORTS OF COMMITTEES.

REPORT OF CHAIRMAN ON ROADS AND BRIDGES, 1892.

By resolution of the County Council at the December session, I was instructed to examine and fix a culvert on the Napanee and Newburgh County road, near Mr. B. C. Lloyd's place.

I beg leave to report as follows.

I found a new culvert had been built with capacity sufficient to let all the water cross the road that accumulates there, but the outlet is stopped at the fence with sand that I think has been carried there by the water that ran over the turnpike when the old culvert was closed.

Mr. Lloyd objected to have it opened, and threatened law if I did open it.

I would recommend that a competent engineer be instructed to locate the natural watercourse before any more work is done.

Yours respectfully,

Chairman.

We have also visited the gaol and found everything neat and comfortable, with the exception of the closets, which we understand in time there will be a drain in close proximity. We recommend connection of drainage with said drain, and also a closet for the general use of the Court House to be built in the near future.

We found confined in the gaol five prisoners, four of whom being vagrant, and one for violation of the liquor law. We would recommend the removal of one of the vagrants to the General Hospital, Kingston, who is suffering from ulcers on both legs for better treatment.

AUDITORS' REPORT.

Napanee, 17th February, 1893.

To the Warden and Members of the Council of the County of
Lennox and Addington :

Gentlemen,—

We, the undersigned, having audited the books of your Treasurer, Irvine Parks, Esq., for the nine months ending 31st December, 1892, and your former Treasurer for the first three months of the year 1892, beg leave to submit the following report :

1. We are unable to find that your former Treasurer had sufficient authority for the following payments, viz.:

Edward Roberts, 16th January, 1892.....	\$ 3 75
" 11th February, 1892	5 85
" 22d March, 1892.....	20 00
" 19th March, 1892	9 75
" 23d March, 1892	12 73
" 22d March, 1892.....	17 63

Total.....\$79 71

These payments appear to have been made on the order of the Chairman of County Property only, and we would recommend that in future all committees obtain the necessary authority from your Council for such expenditure.

2. We find an error of \$3 in payment by your Treasurer

on the 15th December, 1892, which has since been corrected by him on his books.

3. We find that payments made to members of committees and damage paid for horses has been charged to County Council and County Roads accounts, respectively. We would recommend in future that items of this kind be charged to Contingent account.

4. In accordance with a late Act, passed by the Provincial Parliament, we have made a careful investigation as to the value of the bonds held by the county to guarantee the fidelity of your Treasurer, and we beg to report that in our opinion they are satisfactory for the amounts they represent.

5. We regret to report that it has been found impossible for your auditors to audit all the school returns from the Township treasurers, for the reason that two of them have failed to send in their returns, as provided by law.

6. We find that the books of your Treasurer have been kept satisfactorily, and we have received all necessary assistance from him in our investigation of them.

All of which is respectfully submitted.
